ScanX® Duo.

Now everyone can afford to go digital!

The benefits of digital radiography are clear, but the costs involved in switching over to digital have put this superior technology out of reach for many... **until now!**

With ScanX Duo computed radiography, getting exceptional digital image quality has never been easier, faster or more affordable.

ScanX Duo — The Affordable Luxury in Digital Imaging.

See More. Do More. **Spend Less.**

See More.
ScanX Duo captures high resolution, detail-rich images for improved diagnostics.
- Scan up to 22 line pairs per mm and see unsurpassed digital clarity.
- Enlarge, invert, or sharpen your radiographs to maximize diagnostic information and enrich patient discussions about treatment plans.
- Automatically store and file electronic images for future use or transmittal.

Do More.
ScanX Duo streamlines procedures and increases office productivity.
- Work more efficiently with no workflow disruptions.
- ScanX Duo can be used by 2 operatories simultaneously – a ScanX exclusive!
- Utilizing In-Line Erase, Phosphor Storage Plates (PSP) are automatically scanned and erased in one continuous cycle - intraoral images are viewable in seconds.
- Improve patient comfort with thin, flexible, wireless, reusable phosphor plates in intraoral sizes 0, 1, 2, 3 and 4.

Spend Less.
ScanX Duo, both practical and cost-effective, will pay for itself in less than a year.
- Eliminate the darkroom, film, hazardous chemicals, and expensive ongoing processor maintenance costs.
- Works seamlessly with your existing x-ray equipment.
- Reuse inexpensive Phosphor Storage Plates thousands of times.
